**Summary of reasons
for classification:**

The DVD *Pathfinder: Extended Edition* is classified as:

Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

The DVD contains the feature film previously classified under the Films, Videos, and Publications Classification Act 1993. It was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years" with the descriptive note, "Contains violence ". This decision (OFLC 602125) was registered on 27 September 2006.

Pathfinder: Extended Edition contains some material that extends the feature and also contains deleted scenes and numerous components providing background context to the feature. The extra material in the feature and the additional components do not require the DVD to be given a different classification to that of the film originally examined.
